Land Acknowledgment

We would like to acknowledge the land on which the Windsor Essex Local Immigration Partnership (WE LIP) and its member organizations work and gather is comprised of the traditional territories of the Three Fires Confederacy made up of the Ojibway, Odawa, and the Potawatomi Nations and the ancestral and unceded territory and waters of Caldwell First Nation whose people are the original people of Pelee Island and Point Pelee.

The Ojibway, Odawa, and Potawatomi Nations agreed to share this territory with the British Crown by way of the 1790 Treaty referred to as the McKee Purchase/Treaty of Detroit. This territory is the home of the Anishnaabeg who are represented by the Walpole Island First Nation and the Lunaapeew who are represented by the Delaware Nation.

This acknowledgement is intended to show recognition and respect for First Nation Peoples and their presence on this land in both the past and present. The WE LIP further recognizes that the impacts of colonization upon First Nations, Inuit and Métis peoples of this land are very much present, pervasive and woven into the fabric of Canadian institutions, governments, laws and systems. This recognition and respect is vital to continuing to establish healthy and reciprocal relationships with First Nation peoples, which is key in our journey towards truth and reconciliation.

Stratégies régionales/**Regional strategies**

AFO/ CCFWEK

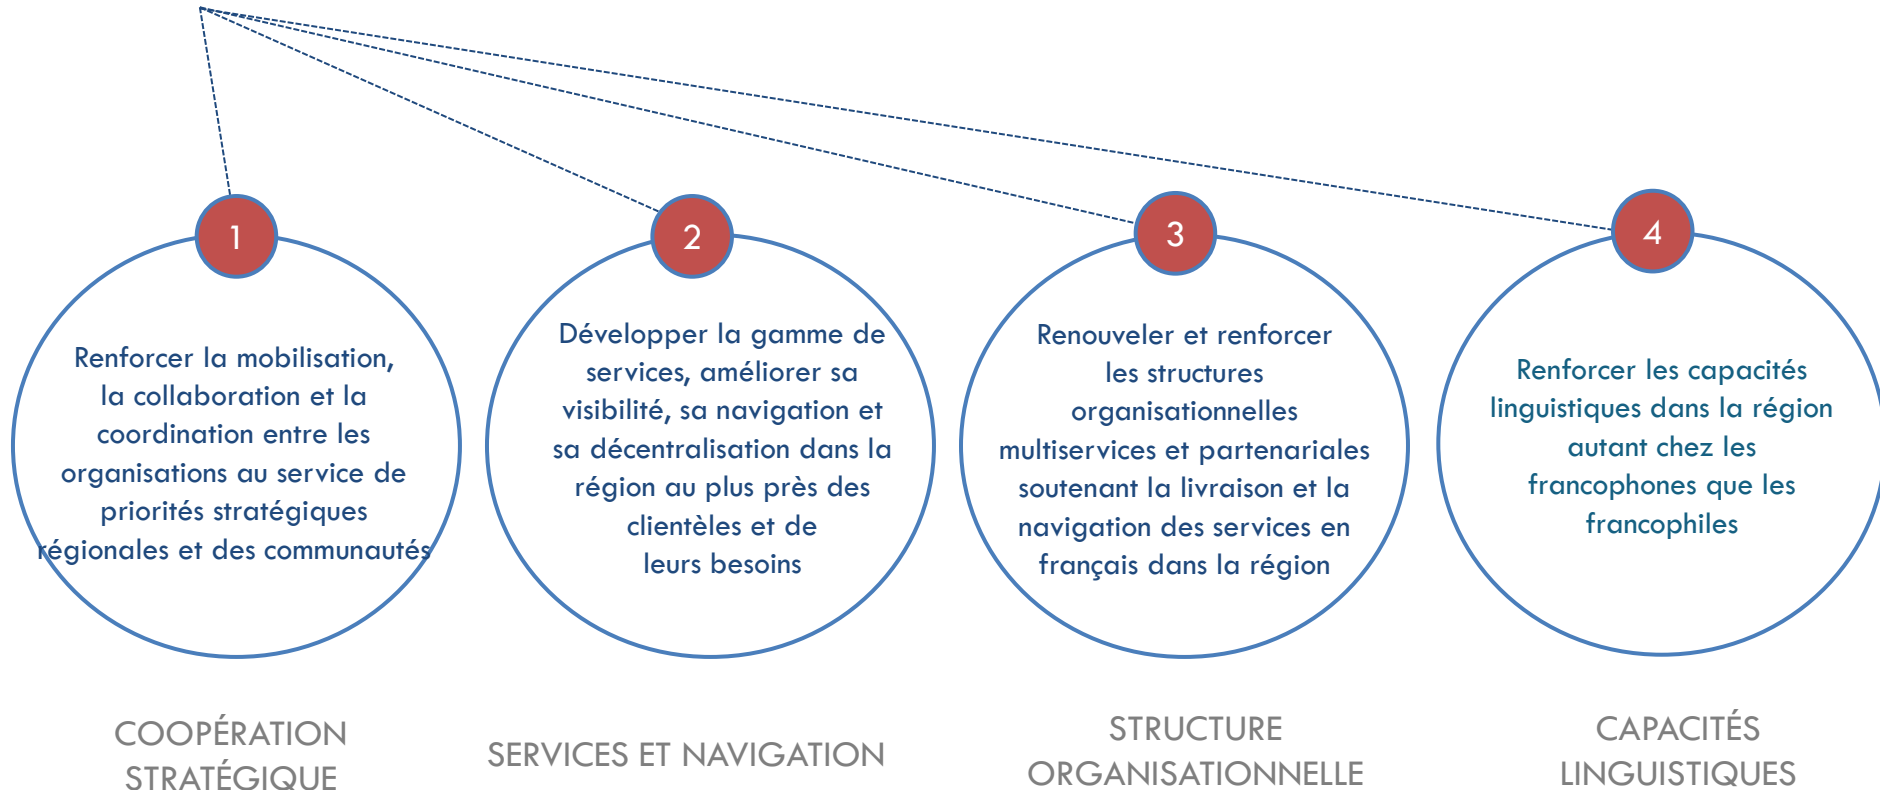

Vision et axes de la stratégie régionale

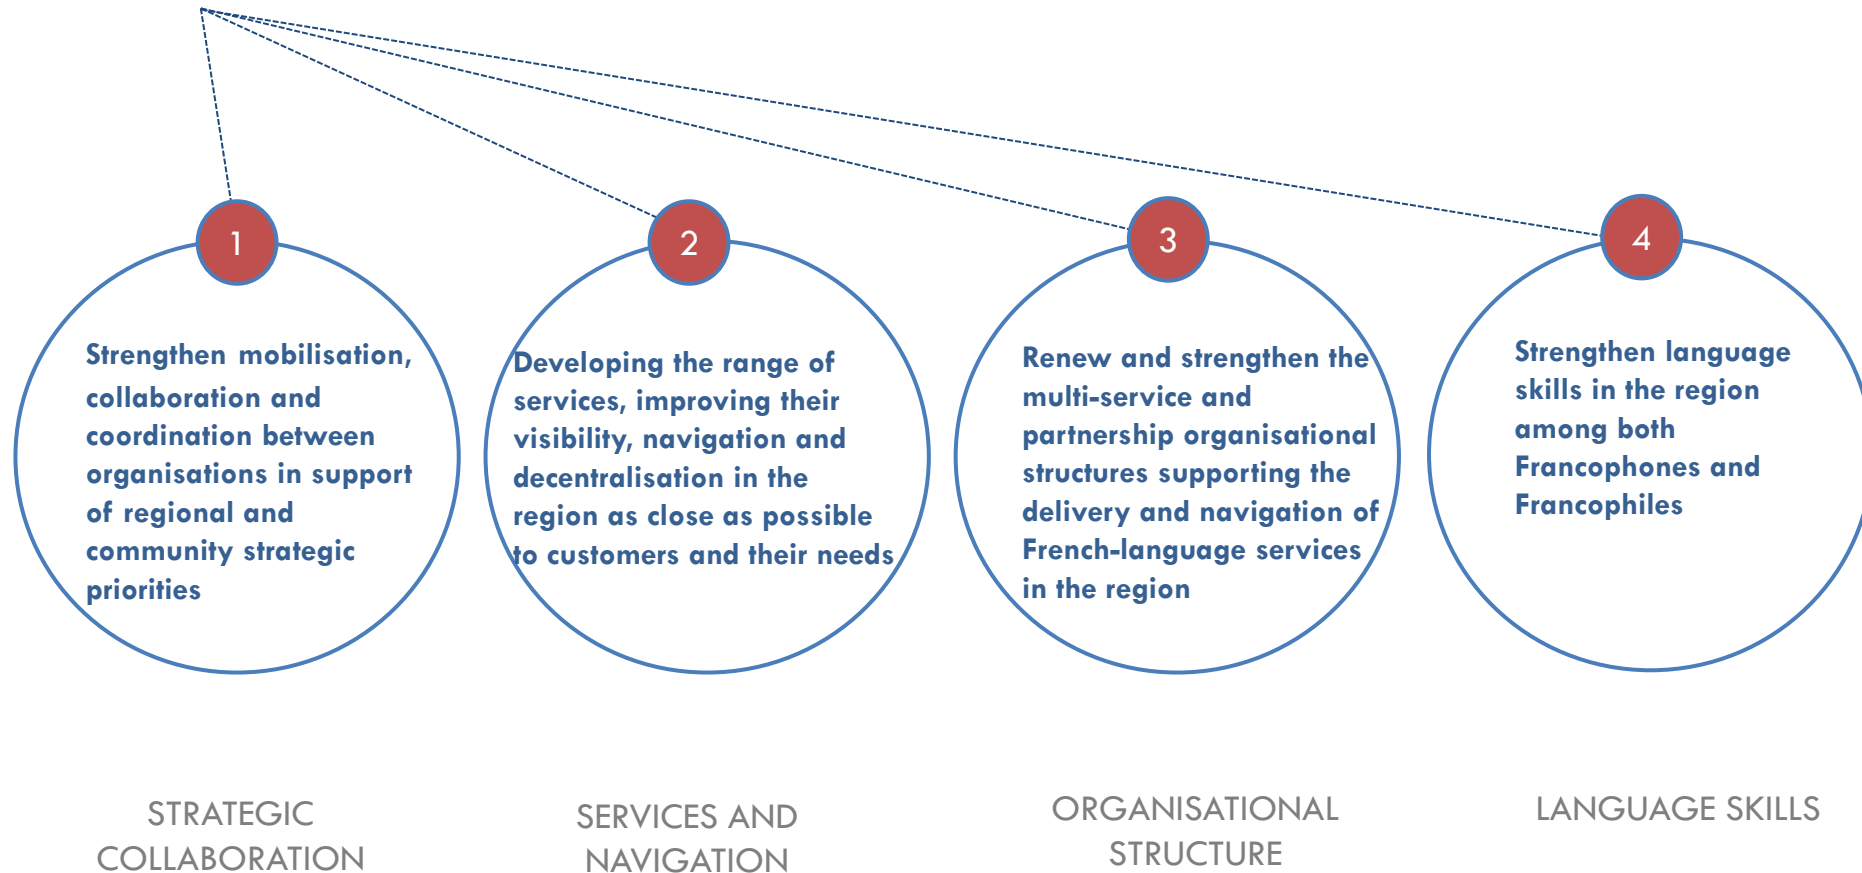

Vision : Les acteurs clés sont organisés et durablement engagés pour piloter et mettre en œuvre une stratégie régionale visant à développer durablement la qualité, la complétude, la visibilité et la navigation de la gamme de services en français (SEF) offerte aux communautés francophones et francophiles

The key players are committed to steering and implementing a regional strategy aimed at sustainably developing the quality, visibility and navigation of the range of French-language services (FLS) offered to Francophone and Francophile communities.
